A.

MINUTES OF MEETING CAPITAL REGION COMMUNITY DEVELOPMENT DISTRICT

The regular meeting of the Board of Supervisors of the Capital Region Community Development District was held Thursday, June 10, 2021 at 6:30 p.m. at the Southwood Community Center, 4675 Grove Park Drive, Tallahassee, Florida.

Present and constituting a quorum were:

Kyle Rojas	Chairman
April Johnston	Vice Chairperson
Brian Kelley	Supervisor
Corbin deNagy	Supervisor
Andrew Wiggins	Supervisor

Also present were:

James Oliver Joe Brown Robert Berlin District Manager District Counsel (by telephone) Operations Manager - GMS

The following is a summary of the actions taken at the June 10, 2021 meeting. An audio copy of the proceedings can be obtained by contacting the District Manager.

FIRST ORDER OF BUSINESS Roll Call

Mr. Rojas called the meeting to order and called the roll.

SECOND ORDER OF BUSINESS The Pledge of Allegiance

Mr. Rojas led the Pledge of Allegiance.

THIRD ORDER OF BUSINESS Audience Comments

Several residents commented on the water quality and aesthetics of the catfish pond, and an abundance of geese.

Mr. Berlin stated the pond is inspected quarterly for water quality. I do not have the reports on this quarter yet, it has algae, the water level is down and we need rain. There is an

abundance of geese because some homeowners feed them. 79 acres of runoff goes into a 3-acre lake. We do not use any fertilizer around the pond.

Mr. Rojas stated Robert and I will talk about different treatments we can do. I don't know what we can do about the geese.

A resident stated you as a board can apply for a permit for the removal of the geese from the FWC.

Mr. Kelley stated I will work with Robert on the issue of the geese.

A resident stated a pond by Barringer Hill is full of silt.

Mr. Berlin stated we cleaned out that pond two years ago, I have all the pictures, and all the outlets were cleaned.

A resident stated I would like to have the traffic going one-way in the alleyway by 4073.

Mr. Berlin stated there are a number of alleyways with one-way signs because people have requested them, this is the situation you have and it is not going to change the way people go, the garbage trucks, emergency vehicles or anyone else. There is no enforcement, but I will put one up if the board wants me to.

Mr. Rojas stated I'm not in favor of it.

FOURTH ORDER OF BUSINESS

Approval of Consent Agenda

- A. Approval of the Minutes of the April 8, 2021 Meeting
- B. Balance Sheet as of April 30, 2021 and Statement of Revenues & Expenditures for the Period Ending April 30, 2021
- C. Allocation of Assessments
- D. Check Register

On MOTION by Mr. Kelley seconded by Mr. deNagy with all in favor the consent agenda items were approved.

The next item taken out of order.

NINTH ORDER OF BUSINESS

Request for Waiver of O&M Assessments for HOA Owned Administrative Offices

Mr. Rojas stated the HOA sent a letter requesting that their CDD fees be waived.

Mr. Brown stated there is an exemption that can apply to certain HOA property, but that exception is Section 193.0235, Florida Statutes, and only applies to certain types of common elements, which is a defined term in the statute. Based on my review, that exception does not

apply in this instance based on the property I understand the HOA purchased for their new offices. I'm not aware of any other exceptions that could apply to HOA property.

Mr. Kelley inquired regarding rental rates charged to the CDD by the HOA for the CDD's meetings.

Mr. Oliver stated yes, CDDs can pay rental fees for meeting space. I had a CDD meeting yesterday at a rented meeting space at a nearby hotel. Staff will work with the HOA on the matter.

FIFTH ORDER OF BUSINESS

Consideration of Resolution 2021-05 Approving the Proposed Budget for Fiscal Year 2022 and Setting a Public Hearing Date to Adopt

Mr. Oliver gave an overview of Resolution 2021-05 and the proposed fiscal year 2022 budget for revenues and the admin budget.

Mr. Berlin gave an overview of three proposed scenarios for field operations.

Mr. Oliver stated once you approve the proposed budget it will be sent to local government and posted to the District website. I did review the amount available for carry forward surplus. As you approve the budget tonight, you can revise it to reinstate some or all of the same funding level of carry forward surplus applied last year. That would cut the proposed assessment increase roughly in half. We propose to have a meeting on July 8th to refine the budget before the mailed notice goes out to the residents.

It was the consensus of the board to leave the proposed budget as presented.

On MOTION by Ms. Johnston seconded by Mr. deNagy with all in favor Resolution 2021-05 approving the proposed fiscal year 2022 budget and setting the public hearing for August 12, 2021 was approved.

SIXTH ORDER OF BUSINESS

Updates Regarding Recreational Improvements

A. Volleyball Court

Mr. Berlin stated we cemented the poles today and it needs to cure before we hang the net.

B. Dog Park

Mr. Rojas stated we have quotes from three fencing companies for a 4-foot black vinyl chain link fence and the lowest bid came in just under \$15,000 and came highly recommended.

On MOTION by Mr. Wiggins seconded by Mr. Kelley with all in favor the proposal from Ultimate Fencing was approved.

SEVENTH ORDER OF BUSINESS Consideration of Agreement with Leon County Tax Collector

Mr. Oliver stated the assessments are collected on roll by the tax collector and this is the agreement for those services.

On MOTION by Mr. Kelley seconded by Mr. deNagy with all in favor the agreement with the Leon County tax collector was approved.

EIGHTH ORDER OF BUSINESS Ratification of Gate Petroleum Access Agreement

Mr. Brown stated we talked about this at the last meeting and today we have agreement with one substantive change, which is the term of the access went from 6 to 12 months.

On MOTION by Mr. deNagy seconded by Mr. Wiggins with all in favor the Gate Petroleum Access Agreement was ratified.

Staff Reports

NINTH ORDER OF BUSINESS

A copy of the variance report was included in the agenda package.

E. Manager – Report on Number of Registered Voters 3,937

A copy of the letter from the supervisor of elections indicating that there are 3,937 registered voters residing within the district was included in the agenda package.

ELEVENTH ORDER OF BUSINESS Supervisor's Requests

Mr. Wiggins stated at the last meeting we talked about the walkway across the way. I talked with Commissioner Porter and I'm trying to get the city involved to see if we can defray some of our costs on a new crosswalk.

Mr. Kelley stated I had a request from several residents. A men's group works out in our park and they would like to work with staff to see if it is appropriate to install pull-up bars and dip board in the greater park area and they will pay for all of it.

Mr. Berlin stated you can't put any type of exercise equipment in certain areas of the park, but you can run it along the trail along the green area and you can put it on the other side of the park.

TWELFTH ORDER OF BUSINESS Audience Comments

A resident stated thank you for the information today. There has to be a solution to adding things to the community.

Mr. Berlin stated we were waiting for rain, but we are trying to be proactive.

THIRTEENTH ORDER OF BUSINESSNext Scheduled Meeting – August 12, 2021 at
6:30 p.m.

Mr. Rojas stated the next meeting is July 8, 2021 and the regular meeting will be August 12, 2021 at 6:30 p.m.

The meeting adjourned at 8:18 p.m.

REPORT OF INDEPENDENT AUDITORS

To the Board of Supervisors Capital Region Community Development District Leon County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of Capital Region Community Development District as of and for the year ended September 30, 2020, and the related notes to financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Accounting Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the Board of Supervisors

Capital Region Community Development District

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Capital Region Community Development District, as of September 30, 2020, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated June 28, 2021 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations and contracts. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Capital Region Community Development District's internal control over financial reporting and compliance.

Management's discussion and analysis of Capital Region Community Development District (the "District") financial performance provides an objective and easily readable analysis of the District's financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District's financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District's basic financial statements comprise three components; 1) *Government-wide financial statements*, 2) *Fund financial statements*, and 3) *Notes to financial statements*. The *Government-wide financial statements* present an overall picture of the District's financial position and results of operations. The *Fund financial statements* present financial information for the District's major funds. The *Notes to financial statements* provide additional information concerning the District's finances.

The *Government-wide financial statements* are the **statement of net position** and the **statement of activities**. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and the change in net position. Governmental activities are primarily supported by developer contributions.

The **statement of net position** presents information on all assets and liabilities of the District, with the difference between assets and liabilities reported as net position. Net Position is reported in three categories; 1) net investment in capital assets, 2) restricted, and 3) unrestricted. Assets, liabilities, and net position are reported for all Governmental activities.

The **statement of activities** presents information on all revenues and expenses of the District and the change in net position. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions provided by the District. To assist in understanding the District's operations, expenses have been reported as governmental activities. Governmental activities financed by the District include general government and debt service.

Fund financial statements present financial information for governmental funds. These statements provide financial information for the major funds of the District. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fund financial statements include a **balance sheet** and a **statement of revenues**, **expenditures and changes in fund balances** for all governmental funds. A **statement of revenues**, **expenditures**, **and changes in fund balances – budget and actual** is provided for the District's General Fund. *Fund financial statements* provide more detailed information about the District's activities. Individual funds are established by the District to track revenues that are restricted to certain uses or to comply with legal requirements.

The government-wide financial statements and the fund financial statements provide different pictures of the District. The government-wide financial statements provide an overall picture of the District's financial standing. These statements are comparable to private-sector companies and give a good understanding of the District's overall financial health and how the District paid for the various activities, or functions, provided by the District. All assets of the District, including capital assets, are reported in the **statement of net position**. All liabilities, such as principal outstanding on bonds are included. In the **statement of activities**, transactions between the different functions of the District have been eliminated in order to avoid "doubling up" the revenues and expenses. The *fund financial statements* provide a picture of the major funds of the District. In the case of governmental activities, outlays for long lived assets are reported as expenditures and long-term liabilities, such as general obligation bonds, are not included in the fund financial statements, reconciliation is provided from the *fund financial statements* to the *government-wide financial statements*.

Notes to financial statements provide additional detail concerning the financial activities and financial balances of the District. Additional information about the accounting practices of the District and investments of the District are some of the items included in the *notes to financial statements.*

Financial Highlights

The following are the highlights of financial activity for the year ended September 30, 2020.

- The District's total liabilities exceeded total assets by \$(11,090,239) (net position). Restricted net position was \$296,248 and net investment in capital assets was \$8,914,237. Unrestricted net position was \$(20,300,724).
- Governmental activities revenues totaled \$4,630,601 while governmental activities expenses totaled \$3,536,331.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

The following schedule provides a summary of the assets, liabilities and net position of the District and is presented by category for comparison purposes.

The decrease in non-current liabilities is related to the bond principal payments in the current year.

The increase in net position is related to revenues exceeding expenses in the current year.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

The following schedule provides a summary of the changes in net position of the District and is presented by category for comparison purposes.

Net Position - End of Year	\$ (11,090,239)	\$ (12,184,509)		

The increase in charges for services primarily relates to the budgeted increase in General Fund assessments in the current year.

The increase in capital contributions is related to the conveyance of certain infrastructure to the District in the current year.

The decrease in general government is primarily related to a decrease in professional fees in the current year.

The decrease in physical environment is related to the hurricane clean-up costs in the prior year.

The decrease in interest and other charges is related to the decrease in bonds outstanding in the current year.

The activity for the year consisted of depreciation of \$522,962 and additions to infrastructure of \$184,320.

General Fund Budgetary Highlights

Budgeted expenditures exceeded actual expenditures primarily due to less capital outlay expenditures than were anticipated.

There were no amendments to the September 30, 2020 budget.

Debt Management

Governmental Activities debt includes the following:

In September 2011, the District issued \$4,740,000 Series 2011A-1 Capital Improvement Revenue Refunding Bonds. These bonds were issued to refund of the Series 2001A Capital Improvement Revenue Bonds. As of September 30, 2020, the balance outstanding was \$3,040,000.

In November 2013, the District issued \$9,855,000 Series 2013 Capital Improvement Revenue Refunding Bonds. These bonds were issued to refund of the Series 2002A Capital Improvement Revenue Bonds. As of September 30, 2020, the balance outstanding was \$7,435,000.

In March 2018, the District issued \$16,935,000 Series 2018A-1 Capital Improvement Revenue Refunding Bonds. These bonds were issued to refund of the Series 2008A Capital Improvement Revenue Bonds. As of September 30, 2020, the balance outstanding was \$15,890,000.

In March 2018, the District issued \$2,675,000 Series 2018A-2 Capital Improvement Revenue Refunding Bonds. These bonds were issued to refund of the Series 2011A-2 Capital Improvement Revenue Refunding Bonds. As of September 30, 2020, the balance outstanding was \$2,335,000.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's more significant accounting policies are described below.

1. Reporting Entity

The District was established on February 28, 2000, pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, and by Rule 42CC-1, Florida Administrative Code, adopted by the Florida Land and Water Adjudicatory Commission as a Community Development District. The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of the infrastructure necessary for community development within its jurisdiction. The District is authorized to issue bonds for the purpose, among others, of financing, funding, planning, establishing, acquiring, constructing district roads, landscaping, and other basic infrastructure projects within or outside the boundaries of the Capital Region Community Development District. The District is governed by a fivemember Board of Supervisors. The District operates within the criteria established by Chapter 190.

As required by GAAP, these financial statements present the Capital Region Community Development District (the primary government) as a stand-alone government. The reporting entity for the District includes all functions of government in which the District's Board exercises oversight responsibility including, but not limited to, financial interdependency, selection of governing authority, designation of management, significant ability to influence operations and accountability for fiscal matters.

Based upon the application of the above-mentioned criteria as set forth in Governmental Accounting Standards the District has identified no component units.

2. Measurement Focus and Basis of Accounting

The basic financial statements of the District are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

a. Government-wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Government-wide financial statements report all non-fiduciary information about the reporting government as a whole. These statements include all the governmental activities of the primary government. The effect of interfund activity has been removed from these statements.

Governmental activities are supported by special assessments. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets, rather than reported as an expenditure. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as an other financing source.

Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

b. Fund Financial Statements

The underlying accounting system of the District is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government's governmental funds are presented after the government-wide financial statements. These statements display information about major funds individually.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

b. Fund Financial Statements (Continued)

Governmental Funds

The District reports fund balance according to Governmental Accounting Standards Board Statement 54 – Fund Balance Reporting and Governmental Fund Type Definitions. The Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The District has various policies governing the fund balance classifications.

Nonspendable Fund Balance – This classification consists of amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

Restricted Fund Balance – This classification includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Assigned Fund Balance – This classification consists of the Board of Supervisors' intent to be used for specific purposes, but are neither restricted nor committed. The assigned fund balances can also be assigned by the District's management company.

Unassigned Fund Balance – This classification is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications. Unassigned fund balance is considered to be utilized first when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Fund Balance Spending Hierarchy – For all governmental funds except special revenue funds, when restricted, committed, assigned, and unassigned fund balances are combined in a fund, qualified expenditures are paid first from restricted or committed fund balance, as appropriate, then assigned and finally unassigned fund balances.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

b. Fund Financial Statements (Continued)

Governmental Funds (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collected within the current period or soon thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of "available spendable resources".

Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources are expended, rather than as fund assets. The proceeds of long-term debt are recorded as an other financing source rather than as a fund liability.

Debt service expenditures are recorded only when payment is due.

3. Basis of Presentation

a. Governmental Major Funds

<u>General Fund</u> – The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3. Basis of Presentation (Continued)

a. Governmental Major Funds (Continued)

<u>Debt Service Fund</u> – The Debt Service Fund accounts for debt service requirements to retire the Special Assessment Revenue Bonds issued to finance a portion of the cost of acquisition, construction, installation, and equipping District projects.

<u>Capital Projects Fund</u> – The Capital Projects Fund accounts for acquisition and construction of infrastructure improvements located within the boundaries of the District.

b. Non-current Governmental Assets/Liabilities

GASB Statement 34 requires that non-current governmental assets, such as construction in progress, and non-current governmental liabilities, such as general obligation bonds be reported in the governmental activities column in the government-wide Statement of Net Position.

4. Assets, Liabilities, Deferred Inflows of Resources, and Net Position or Equity

a. Cash and Investments

Florida Statutes require state and local governmental units to deposit monies with financial institutions classified as "Qualified Public Depositories," a multiple financial institution pool whereby groups of securities pledged by the various financial institutions provide common collateral from their deposits of public funds. This pool is provided as additional insurance to the federal depository insurance and allows for additional assessments against the member institutions, providing full insurance for public deposits.

The District is authorized to invest in those financial instruments as established by Section 218.415, Florida Statutes. The authorized investments consist of:

- 1. Direct obligations of the United States Treasury;
- 2. The Local Government Surplus Funds Trust or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperative Act of 1969;
- 3. Interest-bearing time deposits or savings accounts in authorized qualified public depositories;

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. Assets, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (Continued)

a. Cash and Investments (Continued)

4. Securities and Exchange Commission, registered money market funds with the highest credit quality rating from a nationally recognized rating agency.

Cash and investments include time deposits, certificates of deposit, money market funds, and all highly liquid debt instruments with original maturities of three months or less.

b. Capital Assets

Capital assets, which includes buildings and improvements and infrastructure, is reported in the applicable governmental activities column.

The District defines capital assets as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of two years. The valuation basis for all assets is historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets of the District are depreciated using the straight-line method over the following useful lives:

Buildings and improvements	30 years
Infrastructure	30-50 years

c. Budgets

Budgets are prepared and adopted after public hearings for the governmental funds, pursuant to Chapter 190, Florida Statutes. The District utilizes the same basis of accounting for budgets as it does for revenues and expenditures in its various funds. The legal level of budgetary control is at the fund level. All budgeted appropriations lapse at year end. Formal budgets are adopted for the general and debt service funds. As a result, deficits in the budget columns of the accompanying financial statements may occur.

NOTE B – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

1. Explanation of Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position

"Total fund balances" of the District's governmental funds, \$3,034,954, differs from "net position" of governmental activities, \$(11,090,239), reported in the Statement of Net Position. This difference primarily results from the long-term economic focus of the Statement of Net Position versus the current financial resources focus of the governmental fund balance sheet. The effect of the differences is illustrated below:

Capital related items

When capital assets (infrastructure that is to be used in governmental activities) are purchased or constructed, the cost of those assets is reported as expenditures in governmental funds. However, the Statement of Net Position included those capital assets among the assets of the District as a whole.

Buildings and improvements	\$ 2,312,0	98
Infrastructure	20,038,12	21
Accumulated depreciation	(7,227,5	00)
Total	<u>\$ 15,122,7</u>	19

Deferred outflow of resources

Deferred outflow of resources applicable to the District's governmental activities are not current financial resources and therefore, are not reported as fund deferred outflow of resources:

Deferred amount on refunding \$ 44,072

Long-term debt transactions

Long-term liabilities applicable to the District's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities (both current and long-term) are reported in the Statement of Net Position. Balances at September 30, 2020 were:

Bonds payable, net

<u>\$ (28,684,384)</u>

Accrued interest

Accrued liabilities in the statement of net position differ from the amount reported in governmental funds due to accrued interest on bonds.

Accrued interest on bonds payable

<u>\$ (607,600)</u>

NOTE B – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)

2. Explanation of Differences Between the Governmental Fund Operating Statements and the Statement of Activities

The "net change in fund balances" for government funds, \$54,546, differs from the "change in net position" for governmental activities, \$1,094,270, reported in the Statement of Activities. The differences arise primarily from the long-term economic focus of the Statement of Activities versus the current financial resources focus of the governmental funds. The effect of the differences is illustrated below:

Capital related items

When capital assets that are to be used in governmental activities are purchased or constructed, the resources expended for those assets are reported as expenditures in governmental funds. However, in the Statement of Activities, the costs of those assets is allocated over their estimated useful lives and reported as depreciation expense. As a result, fund balances decrease by the amount of financial resources expended, whereas net position increases by the amount of capital outlay for the year.

Capital outlay	\$	15,513
Capital contribution		168,807
Depreciation		(522,962)
Total	<u>\$</u>	(338,642)

Long-term debt transactions

Repayments of bond principal are reported as an expenditure in the governmental funds and, thus, have the effect of reducing fund balance because current financial resources have been used. Also, interest is recognized when due at the fund level, but is accrued at the government-wide level.

Payments of long-term debt	<u>\$ 1,360,000</u>
Accrued interest	<u>\$ 23,745</u>
Bond premium/discount amortization	<u>\$ (1,341)</u>

Deferred outflow of resources

NOTE C – CASH AND INVESTMENTS

All deposits are held in qualified public depositories and are included on the accompanying balance sheet as cash.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk, however, they follow the provisions of Chapter 280, Florida Statutes regarding deposits and investments. As of September 30, 2020, the District's bank balance was \$351,097 and the carrying value was \$247,839. Exposure to custodial credit risk was as follows. The District maintains all deposits in a qualified public depository in accordance with the provisions of Chapter 280, Florida Statutes, which means that all deposits are fully insured by Federal Depositors Insurance or collateralized under Chapter 280, Florida Statutes.

Investments

As of September 30, 2020, the District had the following investments and maturities:

Investment	Maturities	Fair Value
Local Government Surplus Florida Prime	48 days*	\$ 540,910
First American Government Obligation Fund	44 days*	2,142,143
Total Investments		\$ 2,683,053

*Weighted Average Maturity

The District categorizes its fair value measurements within the fair value hierarchy recently established by generally accepted accounting principles. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The District uses a market approach in measuring fair value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities.

Assets or liabilities are classified into one of three levels. Level 1 is the most reliable and is based on quoted price for identical assets, or liabilities, in an active market. Level 2 uses significant other observable inputs when obtaining quoted prices for identical or similar assets, or liabilities, in markets that are not active. Level 3 is the least reliable and uses significant unobservable inputs that uses the best information available under the circumstances, which includes the District's own data in measuring unobservable inputs.

Based on the criteria in the preceding paragraph, the investments in First American Government Obligation Funds are Level 1 assets.

The District's investment policy allows management to invest funds in investments permitted under Section 218.415, Florida Statutes. Among other investments, the policy allows the District to invest in the Local Government Surplus Florida Prime Fund.

NOTE C – CASH AND INVESTMENTS (CONTINUED)

Interest Rate Risk

Cash placed with the Local Government Surplus Florida Prime Fund represents the District's participation in the Local Government Surplus Trust Funds Investment Pool and is reported at fair value. As a pool participant the District invests in pools of investments in which shares are owned in the pool rather than the underlying investments.

Credit Risk

The District's investments are limited by state statutory requirements and bond compliance. The District has no investment policy that would further limit its investment choices. The Local Government Surplus Florida Prime Fund is an authorized investment under Section 218.415, Florida Statutes. The District's investments in the state investment pool and government loans are limited by state statutory requirements and bond compliance. The District had monies invested with the Local Government Surplus Florida Prime Fund at September 30, 2020. This fund met the requirements of a "2-7a like pool" as defined in Government Accounting Standards Board, Statement 31. As of September 30, 2020, the District's investments in First American Government Obligation Funds were rated AAAm by Standards & Poor's.

Concentration of Credit Risk

The District places no limit on the amount it may invest in any one fund. The investments in Local Government Surplus Florida Prime are 20% of the District's total investments. The investments in First American Government Obligation Funds are 80% of the District's total investments.

The types of deposits and investments and their level of risk exposure as of September 30, 2020 were typical.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors Capital Region Community Development District Leon County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Capital Region Community Development District, as of and for the year ended September 30, 2020, and the related notes to the financial statements, and have issued our report thereon dated June 28, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Capital Region Community Development District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Capital Region Community Development District's internal control. Accordingly, we do not express an opinion on the effectiveness of Capital Region Community Development District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Board of Supervisors Capital Region Community Development District

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Capital Region Community Development District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

To the Board of Supervisors Capital Region Community Development District Leon County, Florida

Report on the Financial Statements

We have audited the financial statements of the Capital Region Community Development District as of and for the year ended September 30, 2020, and have issued our report thereon dated June 28, 2021.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Florida Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in that report, which is dated June 28, 2021, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. There were no findings or recommendations in the preceding financial audit report.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not Capital Region Community Development District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that Capital Region Community Development District did not meet any of the conditions described in Section 218.503(1) Florida Statutes.

To the Board of Supervisors Capital Region Community Development District

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for Capital Region Community Development District. It is management's responsibility to monitor the Capital Region Community Development District's financial condition; our financial condition assessment was based in part on the representations made by management and the review of the financial information provided by the same as of September 30, 2020.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Supervisors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT/COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES

To the Board of Supervisors Capital Region Community Development District Leon County, Florida

We have examined Capital Region Community Development District's compliance with Section 218.415, Florida Statutes during the year ended September 30, 2020. Management is responsible for Capital Region Community Development District's compliance with those requirements. Our responsibility is to express an opinion on Capital Region Community Development District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about Capital Region Community Development District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Capital Region Community Development District's compliance with the specified requirements.

In our opinion, Capital Region Community Development District complied, in all material respects, with the aforementioned requirements during the year ended September 30, 2020.
