Re: Request for Proposal for Professional Auditing Services for the fiscal year ended September 30, 2025, with an option for four (4) additional annual renewals.

Grau & Associates (Grau) welcomes the opportunity to respond to the Capital Region Community Development District's (the "District") Request for Proposal (RFP), and we look forward to working with you on your audit. We are an energetic and robust team of knowledgeable professionals and are a recognized leader of providing services to Community Development Districts. As one of Florida's few firms to primarily focus on government, we are especially equipped to provide you an effective and efficient audit.

Government audits are at the core of our practice: 95% of our work is performing audits for local governments and of that 98% are for special districts. With our significant experience, we are able to increase efficiency, to provide immediate and continued savings, and to minimize disturbances to your operations.

#### Why Grau & Associates:

#### **Knowledgeable Audit Team**

Grau is proud that the personnel we assign to your audit are some of the most seasoned auditors in the field. Our staff performs governmental engagements year-round. When not working on your audit, your team is refining their audit approach for next year's audit. Our engagement partners have decades of experience and take a hands-on approach to our assignments, which all ensures a smoother process for you.

#### **Servicing your Individual Needs**

Our clients enjoy personalized service designed to satisfy their unique needs and requirements. Throughout the process of our audit, you will find that we welcome working with you to resolve any issues as swiftly and easily as possible. In addition, due to Grau's very low turnover rate for our industry, you also won't have to worry about retraining your auditors from year to year.

#### **Developing Relationships**

We strive to foster mutually beneficial relationships with our clients. We stay in touch year-round, updating, collaborating, and assisting you in implementing new legislation, rules and standards that affect your organization. We are also available as a sounding board and assist with technical questions.

#### **Maintaining an Impeccable Reputation**

We have never been involved in any litigation, proceeding or received any disciplinary action. Additionally, we have never been charged with, or convicted of, a public entity crime of any sort. We are financially stable and have never been involved in any bankruptcy proceedings.

#### **Complying With Standards**

Our audit will follow the Auditing Standards of the AICPA, Generally Accepted Government Auditing Standards, issued by the Comptroller General of the United States, and the Rules of the Auditor General of the State of Florida, and any other applicable federal, state and local regulations. We will deliver our reports in accordance with your requirements.

This proposal is a firm and irrevocable offer for 90 days. We certify this proposal is made without previous understanding, agreement or connection either with any previous firms or corporations offering a proposal for the same items. We also certify our proposal is in all respects fair, without outside control, collusion, fraud, or otherwise illegal action, and was prepared in good faith. Only the person(s), company or parties interested in the project as principals are named in the proposal. Grau has no existing or potential conflicts and anticipates no conflicts during the engagement. Our Federal I.D. number is 20-2067322.

We would be happy to answer any questions or to provide any additional information. We are genuinely excited about the prospect of serving you and establishing a long-term relationship. Please do not hesitate to call or email either of our Partners, Antonio J. Grau, CPA (tgrau@graucpa.com) or David Caplivski, CPA (dcaplivski@graucpa.com) at 561.994.9299. We thank you for considering our firm's qualifications and experience.

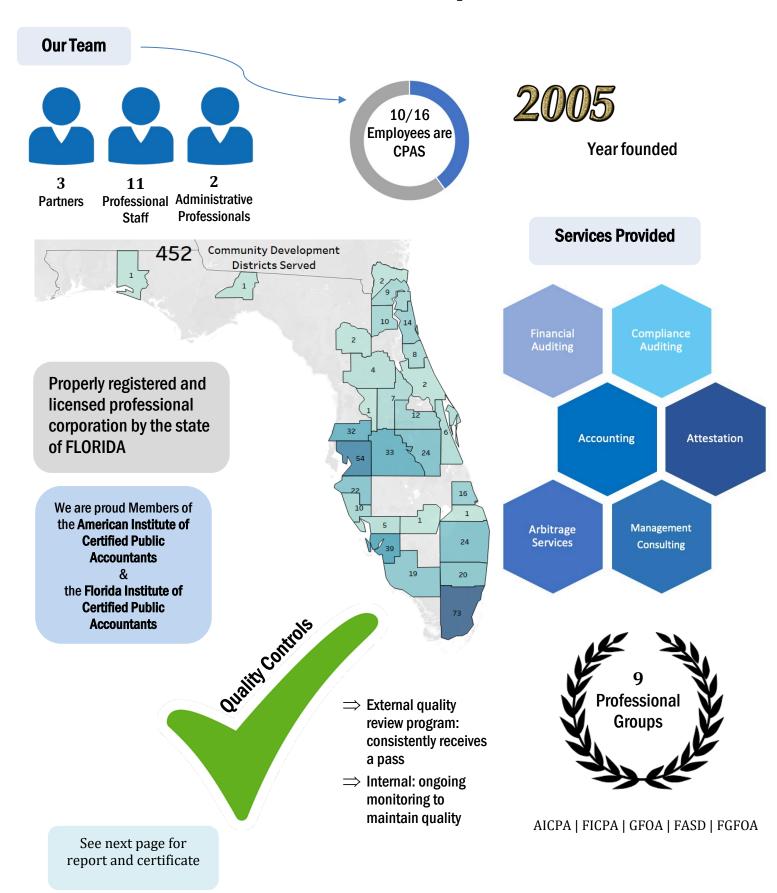

Very truly yours, Grau & Associates

Antonio J. Grau

## Specific Audit Approach

#### **AUDIT APPROACH**

#### Grau's Understanding of Work Product / Scope of Services:

We recognize the District is an important entity and we are confident our firm is eminently qualified to meet the challenges of this engagement and deliver quality audit services. You would be a valued client of our firm and we pledge to commit all firm resources to provide the level and quality of services (as described below) which not only meet the requirements set forth in the RFP but will exceed those expectations. Grau & Associates fully understands the scope of professional services and work products requested. Our audit will follow the Auditing Standards of the AICPA, Generally Accepted Government Auditing Standards, issued by the Comptroller General of the United States, and the Rules of the Auditor General of the State of Florida and any other applicable Federal, State of Local regulations. We will deliver our reports in accordance with your requirements.

#### Proposed segmentation of the engagement

Our approach to the audit engagement is a risk-based approach which integrates the best of traditional auditing techniques and a total systems concept to enable the team to conduct a more efficient and effective audit. The audit will be conducted in three phases, which are as follows:

#### **Phase I - Preliminary Planning**

A thorough understanding of your organization, service objectives and operating environment is essential for the development of an audit plan and for an efficient, cost-effective audit. During this phase, we will meet with appropriate personnel to obtain and document our understanding of your operations and service objectives and, at the same time, give you the opportunity to express your expectations with respect to the services that we will provide. Our work effort will be coordinated so that there will be minimal disruption to your staff.

#### During this phase we will perform the following activities:

- » Review the regulatory, statutory and compliance requirements. This will include a review of applicable federal and state statutes, resolutions, bond documents, contracts, and other agreements;
- » Read minutes of meetings;
- » Review major sources of information such as budgets, organization charts, procedures, manuals, financial systems, and management information systems;
- » Obtain an understanding of fraud detection and prevention systems;
- » Obtain and document an understanding of internal control, including knowledge about the design of relevant policies, procedures, and records, and whether they have been placed in operation;
- Assess risk and determine what controls we are to rely upon and what tests we are going to perform and perform test of controls;
- » Develop audit programs to incorporate the consideration of financial statement assertions, specific audit objectives, and appropriate audit procedures to achieve the specified objectives;
- » Discuss and resolve any accounting, auditing and reporting matters which have been identified.

#### Phase II - Execution of Audit Plan

The audit team will complete a major portion of transaction testing and audit requirements during this phase. The procedures performed during this period will enable us to identify any matter that may impact the completion of our work or require the attention of management. Tasks to be performed in Phase II include, but are not limited to the following:

- » Apply analytical procedures to further assist in the determination of the nature, timing, and extent of auditing procedures used to obtain evidential matter for specific account balances or classes of transactions:
- » Perform tests of account balances and transactions through sampling, vouching, confirmation and other analytical procedures; and
- » Perform tests of compliance.

#### **Phase III - Completion and Delivery**

In this phase of the audit, we will complete the tasks related to year-end balances and financial reporting. All reports will be reviewed with management before issuance, and the partners will be available to meet and discuss our report and address any questions. Tasks to be performed in Phase III include, but are not limited to the following:

- » Perform final analytical procedures;
- » Review information and make inquiries for subsequent events; and
- » Meeting with Management to discuss preparation of draft financial statements and any potential findings or recommendations.

You should expect more from your accounting firm than a signature in your annual financial report. Our concept of truly responsive professional service emphasizes taking an active interest in the issues of concern to our clients and serving as an effective resource in dealing with those issues. In following this approach, we not only audit financial information with hindsight but also consider the foresight you apply in managing operations.

Application of this approach in developing our management letter is particularly important given the increasing financial pressures and public scrutiny facing today's public officials. We will prepare the management letter at the completion of our final procedures.

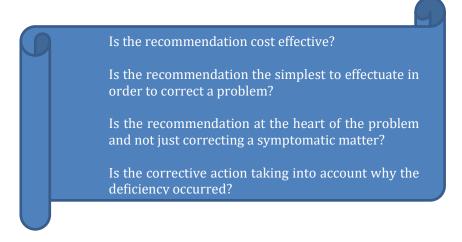

In preparing this management letter, we will initially review any draft comments or recommendations with management. In addition, we will take necessary steps to ensure that matters are communicated to those charged with governance.

In addition to communicating any recommendations, we will also communicate the following, if any:

- » Significant audit adjustments:
- » Significant deficiencies or material weaknesses;
- » Disagreements with management; and
- » Difficulties encountered in performing the audit.

Our findings will contain a statement of condition describing the situation and the area that needs strengthening, what should be corrected and why. Our suggestions will withstand the basic tests of corrective action:

To assure full agreement with facts and circumstances, we will fully discuss each item with Management prior to the final exit conference. This policy means there will be no "surprises" in the management letter and fosters a professional, cooperative atmosphere.

#### **Communications**

We emphasize a continuous, year-round dialogue between the District and our management team. We regularly communicate through personal telephone calls and electronic mail throughout the audit and on a regular basis.

Our clients have the ability to transmit information to us on our secure client portal with the ability to assign different staff with separate log on and viewing capability. This further facilitates efficiency as all assigned users receive electronic mail notification as soon as new information has been posted into the portal.

## **Cost of Services**

Our proposed all-inclusive fees for the financial audit for the fiscal years ended September 30, 2025-2029 are as follows:

Year Ended September 30,	Fee
2025	\$4,800
2026	\$4,900
2027	\$5,000
2028	\$5,100
2029	<u>\$5,200</u>
TOTAL (2025-2029)	<u>\$25,000</u>

The above fees are based on the assumption that the District maintains its current level of operations. Should conditions change or Bonds are issued the fees would be adjusted accordingly upon approval from all parties concerned.

#### Dear Board of Supervisors,

I am thrilled to submit my resume to apply for the vacant seat on the Board of Supervisors for the Capital Region Community Development District (CDD).

While I am a born and raised Floridian and Palm Beach county native, the majority of my residence has been spent in Leon county. I arrived in Tallahassee in 2009 to complete my Bachelor's degree with Florida State University. Shortly after graduation, I realized that I wanted to continue to call Tallahassee "home" and started a career with the State of Florida.

I always admired the Southwood community and had a personal goal to live there one day. While working in the state agencies surrounding the area, I often found myself enjoying the nearby outdoor oasis on my breaks. Between the aesthetics that reminded me of South Florida and the canopied atmosphere that reminded me of my journey to become an FSU Seminole, my passion was fueled to become a Southwood resident.

As a Specified State Employee as defined in <u>Section 112.3145(1)(b)</u>, <u>Florida Statutes</u>, I have been an acting steward of State of Florida tax payers' dollars for years. I understand and appreciate the importance of the management of these funds, and it would be an honor to serve on the Board.

Thank you for your consideration!

Sincerely, Jillian Green

Acceptance of Minutes of the April 10, 2025 Audit Committee Meeting

On MOTION by Mr. Vogel seconded by Mr. Rojas with all in favor the audit committee meeting minutes of April 10, 2025 were accepted.

#### SIXTH ORDER OF BUSINESS

Consideration of Agreement with Leon County Tax Collector

On MOTION by Mr. Rojas seconded by Ms. Burns with all in favor the agreement with the Leon County tax collector was approved.

#### SEVENTH ORDER OF BUSINESS

Consideration of Landscape & Irrigation Maintenance Services Proposal

Mr. deNagy stated all of the Board members had been provided a copy of All-Pro's proposal. Ms. Sandy stated as the Board was aware the District issued an RFP for landscape services, received 2 inquiries for the project manual, and ultimately only received one proposal, which was from the District's current vendor, All Pro. Ms. Sandy stated she reviewed the proposal to ensure the proposal was responsive and met all mandatory requirements from the RFP Project Manual; therefore, the Board could approve All Pro's proposal and award the contract to them or reject the proposal if it determined it was not in the best interest of the District to move forward with it. Discussion by the Board ensued.

On MOTION by Ms. Burns seconded by Mr. Rojas with all in favor the agreement for landscape and irrigation maintenance services with All Pro in the amounts of \$1,222,565.28 (Annual Total, Year 1), \$1,259,242.24 (Annual Total, Year 2), \$1,297,019.51 (Annual Total, Year 3), \$1,335,930.09 (Annual Total, Year 4), and \$1,376,008.00 (Annual Total, Year 5) was approved.

Ms. Sandy also noted that All Pro had requested their bid bond be returned. Board provided consensus it was ok with returning the bid bond at this time.

#### EIGHTH ORDER OF BUSINESS Discussion Items

#### A. Unit 2 Alleyway Utility Easement Encroachment

Mr. deNagy stated there is a property in the alleyway that recently put in a fence that is outside the setback encroaching into the City's utility easement and CDD alley way. The board gave staff direction at April meeting to work with the city code enforcement who did go out and issued a voluntary compliance notice and talked to the homeowner. When they went onsite they observed that the neighbor's fence next to them is also encroaching into the CDD alley way and gave them a notice as well. Mr. deNagy reported after working with the City District staff had two options on how the District could move forward. Option 1 was the City was ok with closing out the voluntary compliance notice subject to two corrective actions, first the homeowners maintaining a two-foot minimum clearance around the light pole, and the second action would be requiring the homeowners to sign an easement encroachment document with the CDD. The City was looking for the District's buy in on this option and Counsel can prepare an easement encroachment and this will be encompassed together so there is no confusion between the city, homeowner and district. Ms. Sandy also noted that under this option the City also stated it would reserve the right to remove any portion of fences located within the easement, at the homeowners

3

expense, if the City needed access. Option 2 is the Board inform Code enforcement that it was not ok with allowing the fences to stay on the District's property and ask Code enforcement to continue to pursue full removal of the fences; however, ultimately this option would defer to the City to pursue from there.

After discussion Mr. deNagy was directed to contact the code enforcement officer to hold off until and he and Mr. Rojas meet with the homeowner and they will report back at the next meeting.

#### B. Unit 50 Trees

Mr. deNagy stated there were 71 trees planted in Unit 50 and 47 have died and were recently removed, and we will look to do some tree replacement this fall and try to get something more suitable to that soil.

#### NINTH ORDER OF BUSINESS

#### Fiscal Year 2026 Proposed Budget

#### A. Review of Fiscal Year 2026 Proposed Budget

Mr. deNagy gave an overview of the proposed 2026 general fund budget that reflects a 5.9% increase, which is mainly driven by the increase in landscape and irrigation maintenance. I'm waiting for confirmation from the city that they will no longer charge the stormwater operating fees but those have been removed from the budget. The District has been paying approximately \$16,000 every three years for the stormwater operating permits. For reference, a 5.9% increase for a one-acre lot is \$58.52 on an annual basis and a 30-foot lot is \$16.37 on an annual basis. The Catholic School's O&M portion is not included. We can talk about that now. For reference, if the Catholic School's O&M assessment is not waived, their O&M assessment would be approximately \$13,500.

Mr. Vogel questioned if the O&M assessment could be phased in over the next few years.

Mr. Urban questioned if we could exempt the O&M assessment for Fiscal Year 2026 with the intention that this will be the last year.

Mr. Rojas stated this has come before the board all the time. I'm not in favor of giving the tax exemption anymore because we are raising taxes on taxpayers in Southwood.

4

Ms. Burns stated we have the printout from the school and it does not prove that they are in need of \$13,500, they have substantial amounts of money. This community has been gracious with this school for a lot of years and it is time they stand on their own.

Mr. Urban moved to exempt the Catholic High School from the fiscal year 2026 assessment and Mr. Vogel seconded the motion and on voice vote with Mr. Urban and Mr. Vogel in favor and Ms. Burns and Mr. Rojas against the motion failed.

# B. Consideration of Resolution 2025-06 Approving the Proposed Budget for Fiscal Year 2026 and Setting a Public Hearing Date to Adopt (08/14/25)

Ms. Sandy stated that the assessment exemption for the Catholic School has been granted on a year-by-year basis in the past; therefore, without approval by the Board to grant the exemption for FY 2025-2026, the version of the budget and assessments that would be presented to the Board for approval tonight would have to include an O&M Assessment on the Catholic School.

On MOTION by Mr. Rojas seconded by Ms. Burns with all in favor Resolution 2025-06 approving the proposed fiscal year 2026 budget, subject to updating the budget to include O&M assessments for the Catholic High School, and setting the public hearing for August 14, 2025 was approved.

#### TENTH ORDER OF BUSINESS

Consideration of Work Authorization No. 13 for AtkinsRealis USA, Inc.

Mr. deNagy stated they are going to update the map and help us with the Unit 10 alleyways. The fees are not to exceed \$30,000.

On MOTION by Mr. Rojas seconded by Mr. Urban with all in favor work authorization no. 13 with AtkinsRealis USA, Inc. was approved.

#### **ELEVENTH ORDER OF BUSINESS** Staff Reports

#### A. Attorney

There being none, the next item followed.

#### **B.** Property Management Report

#### 1. All Pro Reports

A copy of the All Pro reports was included in the agenda package.

#### 2. Operations Memorandum

A copy of the operations memorandum was included in the agenda package.

#### 3. Discussion of Request for Maple Ridge Site Furniture

This item tabled.

#### 4. Reminder to File Form 1 and Annual Ethics Training

Mr. deNagy stated this is your reminder to file the form 1 due July 1<sup>st</sup> and the ethics training needs to be completed by December 31<sup>st</sup>.

#### C. Manager

Mr. deNagy stated I got a call from the city today about the development in Town Center and they asked about alleyway ownership and maintenance. It was not shown on the preliminary site plan that the CDD maintains the alleyways. This is going to come to the DRC meeting Monday, and I understand they are going to ask the developer that question.

Mr. Rojas stated the last few developments that have come into SouthWood, Premier and Maple Ridge, it seems we are having to pick up the slack that the developer didn't take care of. I want to make sure whoever the developer is we are looking at everything so we don't have to go back and spend taxpayer money to fix a terrible job. Although we don't have a lot of say the City of Tallahassee does listen to us.

#### TWELFTH ORDER OF BUSINESS Supervisor's Requests

There being none, the next item followed.

#### THIRTEENTH ORDER OF BUSINESS Audience Comments

Ms. Barber stated I want to thank you for trusting us to take care of the neighborhood. We live here as well.

A resident stated all these trees grow more and more and we don't maintain them very well. One of my pet peeves is mistletoe and homeowners aren't going to pay to have the tree stripped of mistletoe. Somebody ought to take it out of there or the tree is going to die. I think you ought to budget to take care of the trees.

Mr. Barber stated you are responsible for the trees in front of your house.

A resident stated last month I proposed placing some high-end small footprint gym equipment along one of our paths. I sent you a digital copy of some of the information I was able to obtain from a vendor. Two proposals were in the \$77,000 range the third one was in the low \$30,000 range. This proposal is much more in line with what I was thinking versus the \$77,000.

Mr. Rojas stated I talked to Kevin with the HOA the other day and they created an enhancement committee and raised the HOA fees with a goal of adding amenities. Kevin thought it was a great idea and he thought the quotes were a little high. The HOA had priced it out but they don't have land. They already have \$120,000 in a savings account and you want to do something. He is excited and thinks it is a joint project we can work on with the HOA where we will find land and lease it to them that way we don't have to raise assessments or take from our reserves.

# FOURTEENTH ORDER OF BUSINESS Next Scheduled Meeting – June 12, 2025 at 6:30 p.m. at the Southwood Community Center

Mr. Vogel stated the next meeting is scheduled for June 12, 2025 at 6:30 p.m. in the same location.

The City of Tallahassee now offers you even more ways to manage your account. If you manage multiple accounts, why not give Consolidated Billing a try! A consolidated bill groups bills for several accounts into one bill. Instead of sending separate bills to all the accounts, a consolidated bill gives you a summary view of your accounts, a detailed breakdown of each account, and affords you the ability to make one payment to cover those accounts.

The City of Tallahassee now offers you even more ways to manage your account. If you manage multiple accounts, why not give Consolidated Billing a try! A consolidated bill groups bills for several accounts into one bill. Instead of sending separate bills to all the accounts, a consolidated bill gives you a summary view of your accounts, a detailed breakdown of each account, and affords you the ability to make one payment to cover those accounts.

#### **RESOLUTION 2025-07**

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE CAPITAL REGION COMMUNITY DEVELOPMENT DISTRICT ADOPTING MEMORIAL PROGRAM RATES, FEES AND CHARGES; PROVIDING A SEVERABILITY CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Capital Region Community Development District ("District") is a local unit of special purpose government created and existing pursuant to Chapter 190, Florida Statutes, which was established for the purpose of planning, financing, constructing, installing, operating, and maintaining certain infrastructure within the boundaries of the District; and

WHEREAS, Chapters 190 and 120, Florida Statutes, authorize the District to adopt rules, rates, charges and fees to govern the administration of the District and to adopt resolutions as may be necessary for the conduct of District business; and

WHEREAS, the District developed a memorial tree and bench program ("Memorial Program") which allows residents to memorialize loved ones in a way that enhances the District's properties and facilities; and

WHEREAS, the District's Board of Supervisors ("Board") finds that it is in the best interest of the District and necessary for the efficient operation of the District to adopt by resolution a rate and fee schedule relative to the costs of the Memorial Program, attached hereto as Exhibit A and incorporated herein by this reference, for immediate use and application ("Rate Schedule"); and

WHEREAS, the Board finds that the Rate Schedule outlined in Exhibit A is just and equitable having been based upon (i) the amount of service furnished; and (ii) other factors affecting the use of the facilities furnished; and

**WHEREAS,** the Board has complied with applicable Florida law concerning ratemaking and rate adoption, including the holding of a public hearing thereon.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE CAPITAL REGION COMMUNITY DEVELOPMENT DISTRICT:

**SECTION 1.** The rates and fees set forth in **Exhibit A** are hereby adopted pursuant to this resolution as necessary for the conduct of District business. The Rate Schedule shall remain in full force and effect unless revised or repealed by the District in accordance with Chapters 120 and 190, *Florida Statutes*. Notwithstanding the foregoing, all rates previously adopted by the District not modified by this Resolution remain in full force and effect.

**SECTION 2.** If any provision of this resolution is held to be illegal or invalid, the other provisions shall remain in full force and effect.

**SECTION 3.** This resolution shall become effective upon its passage and shall remain in effect unless rescinded or repealed.

PASSED AND ADOPTED this 12th day of June, 2025.

### **EXHIBIT A**

### **RATE SCHEDULE**

Type of Memorial	Rates for Donations <sup>1</sup>
Bench (existing; plaque only)	\$200 per existing bench (plaque only), for the duration of the remaining useful life of the bench
Tree (new + plaque)	\$400 per tree, for the life of the tree
Bench (new + plaque)	\$1,200 per bench, for the duration of the remaining useful life of the bench

<sup>&</sup>lt;sup>1</sup>Rates provided herein may be increased by up to five percent (5%) per year by the District's Field Operations Manager, in his or her sole discretion, without the need for further Board approval or a ratemaking hearing.

### Capital Region Community Development District Memorial Tree & Bench Program

#### **Background**

Memorials augment the Capital Region Community Development District ("**District**" or "**CDD**") properties and facilities. Guidelines are needed for sustainable management of site-appropriate amenities. The guidelines were developed based on research on the best practices of similar agencies nationwide, the needs and resource capabilities of the District and the desire of residents to recognize loved ones through monetary contributions providing for specific memorials.

#### **Purpose**

The District can play an important role in commemorating past residents and members of the SouthWood community. The purpose of this Memorial Tree & Bench Program ("Memorial Program" or "Program") is to establish guidelines for the consistent decision-making process related to the planting of trees and naming of park benches in the District.

#### **Types of Memorials**

At present, the District only intends to offer trees (newly planted) and benches (new or existing) for memorial designation as further provided herein, with each tree and/or bench to only be available for one memorial designation. The District may add additional and different types of memorials at any time in its sole discretion. The District will inventory, date, and maintain a listing of all existing memorials that have been installed under this Program.

**TREES:** New trees can be planted for memorial designation. Only trees found in the SouthWood Pattern Book will be considered for planting. Those who desire a memorial tree can meet with District's Field Operations Manager and the District's Landscape Contractor ("**Contractor**") to discuss tree type and planting location. Memorial tree planting will only occur during the months of November through February to increase tree viability unless otherwise advised by the District's Contractor. Memorial tree planting will only be done by the District's Contractor on property owned and/or maintained by the District.

**BENCHES**: New benches can be installed, or existing benches can be used for memorial designation. Those who desire to memorialize a bench can meet with the District's Field Operations Manager to discuss their options. New benches will only be ordered by the District and installed by the District's Contractor on property owned and/or maintained by the District.

#### Costs of Memorials

The required minimum donation to participate in the memorial program described by this Program shall be a one-time payment as follows<sup>1</sup> (each a "**Donation**"):

**\$200** per existing bench (plaque only), for the duration of the remaining useful life of the bench **\$400** per tree (including a plaque), for the life of the tree

\$1,200 per new bench (including a plaque), for the duration of the remaining useful life of the bench

The period of time for which the Memorial may be provided is referred to herein as the "**Term**".

<sup>&</sup>lt;sup>1</sup> Note, the Donation rates provided herein may be increased by up to five percent (5%) per year by the District's Field Operations Manager, in his or her sole discretion, without the need for further Board approval or a ratemaking hearing.

#### **How Donations Are Recognized**

For each memorial, the District will install a plaque that allows a brief inscription up to 60 characters and a maximum of three lines, unless otherwise approved by the District's Field Operations Manager in his or her sole discretion. Inscriptions are recommended to say "In Memory of (name)," "In Honor of (name)," or "Dedicated to (name)" followed by a date or event. Inscriptions are subject to approval by the District. The plaque is intended to be placed in the ground near the tree or on the bench. Final decision on the placement of memorials will be made by the District staff.

#### **Approval Criteria**

Plaque language cannot be offensive or conflict with the District's desire for neutrality on political, social and religious issues. Memorials cannot have a commercial appearance or corporate label. No advertising is allowed. Only one memorial per person. Memorials will be considered in the order in which they are received, and benches are available for memorials on a first-come, first-served basis. Applicants recognize that there are a limited number of existing benches within the SouthWood community.

#### Memorial Application and Installation Process

- 1. Applications in the form of a proposed Memorial Donation Agreement ("Agreement") may be completed, which is available on <a href="may.outhwoodcdd.com">mysouthwoodcdd.com</a> or by contacting the District Manager via phone or email (the District Manager's contact information is available on the District's website). The completed Agreement should be sent electronically by email to the District Manager.
- 2. The District Manager shall include applications on the agenda for the next feasible meeting of the District Board of Supervisors ("Board").
- 3. The Board shall consider the proposed Agreement and make a final decision regarding whether the application should be approved or denied. The Board will be the final source of appeal for any disputes regarding this program, including any approval or denial of an application.
- 4. If approved, the Applicant shall pay the Donation via a check made out to the "Capital Region CDD" within thirty (30) days of approval by the Board. Such check shall be mailed to the District Manager.
- 5. Upon receipt of the Donation, the District Manager (or her designee) will order the Memorial plaque as per the approved Agreement.
- 6. Upon receipt of the Memorial plaque, the District shall install the Memorial plaque within a reasonable amount of time; provided however, the District cannot guarantee installation by a set date due to potential workload issues and unforeseen circumstances.
- 7. Notification of completion of the installation of the Memorial plaque will be sent to the Applicant.
- 8. Damaged or stolen Memorial plaques will be replaced only once during the term of any Memorial. Additional replacements will be subject to review and approval by the Board.
- 9. The District is not responsible for replacing trees or benches that have been damaged, stolen, or removed. The District may remove or relocate trees or benches at their discretion.

#### Renewals

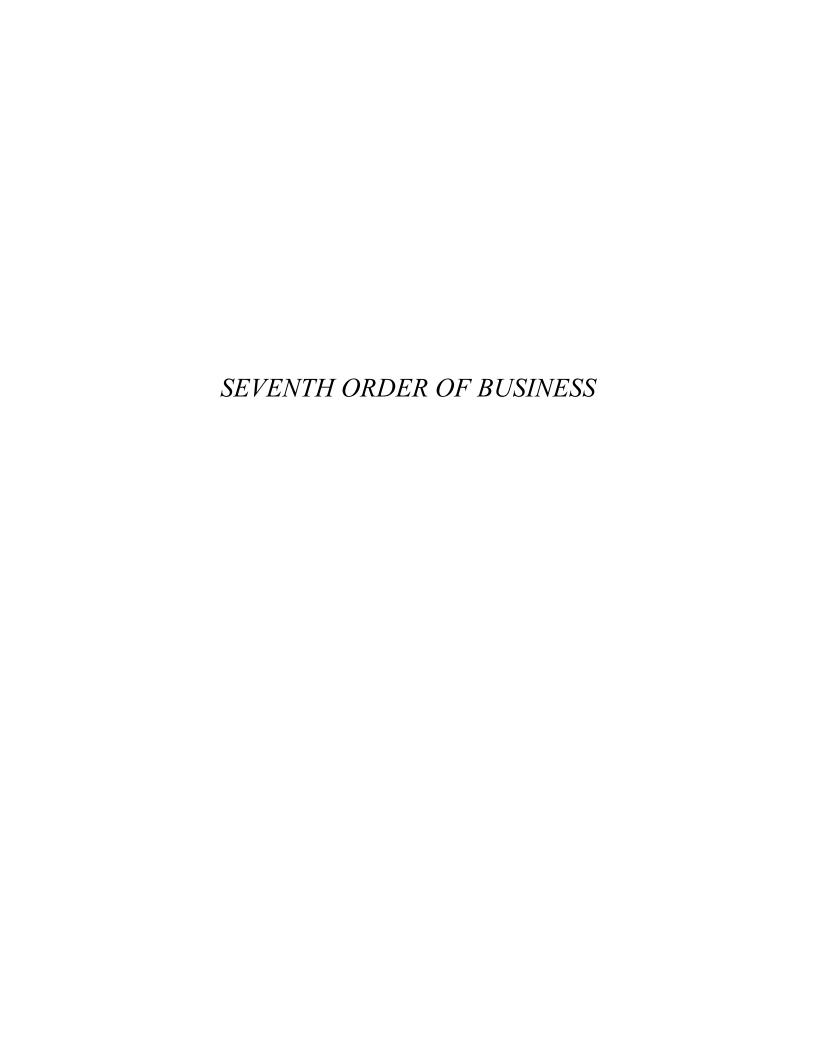

- 1. If the Donor wishes to renew the Memorial upon the expiration of a Memorial's Term, the Donor shall contact the District Manager. The Donor shall have the option of making an additional Donation at the amounts set forth above to extend the Agreement for another Term. Any such Donation shall be received before the expiration date of the original Term. If no extension is requested and funded by the expiration date, then the Memorial plaque is removed and sent to the contact person.
  - a. It is the responsibility of the Donor to notify the District Manager of current contact information (i.e., change of address, phone, or email) during the Agreement period.
  - b. If the Donor contacts the District Manager after the Term has expired and the plaque has been removed, the District will have no obligation to honor the site or structure as a memorial and the plaque will become the property of the District.

#### **Miscellaneous**

- 1. The District reserves the right to terminate any Agreement and/or deny any application.
- 2. The District reserves the right at any time and without making a Donation to provide for a memorial to recognize an individual or organization that has made an unusual contribution, service, or gift to the SouthWood Community.

# Capital Region Community Development District

To: Board of Supervisors

From: Corbin deNagy, Operations Manager – GMS

Subject: Operations Report – May 2025

The following is a summary of items related to field operations of the Capital Region Community Development District:

#### Week 1 (May 1 – May 9)

- Contacted by City of Tallahassee Risk Management about my DigiTally ticket on the Artemis Way street light boxes. Explained that I don't have any additional information. Sent an email to Tallahassee Classical School simply to inform them. Verified with All-Pro that the irrigation system on Artemis wasn't damaged and is working properly.
- Responded to resident request to review and provide feedback on outdoor gym equipment proposal.
- Discussed Four Oaks/Merchants Row landscape proposal with All-Pro. Requested revised proposal with the goal of reduced pricing.
- Additional coordination with FSU and All-Pro for accessing the Dickinson site.
- Contacted SignsNow for replacement alligator sign near the connector bridge in Central Park.
- Discussed utility easement in Maple Ridge with Robert Berlin and developer (Lot 1, Block H). Approximately 3.8' between property line and utility easement. Robert to work with developer to determine desired location of tie-in and then work on survey and access agreement.
- Finalized site furniture proposal in Maple Ridge.
- Inspected creek behind stormwater pond 235. According to Weather Underground, we received approximately 0.92 inches in a 24-hour period over Saturday/Sunday, but there was no water in the creek.
- Inspected stormwater pond TR-230.
- Inspected stormwater pond WD-281. Removed trash from pond bottom.
- Inspected stormwater ponds WD-290 and WD-90S.
- Inspected the Tot Lot equipment. Found three loose bolts on the swings. Tightened all bolts. Issue appears to be people flipping the swings to raise the height of the paddle seat. Put wear mats back in place under the swings and at the bottom of the slides. Cleared mulch off the wear mats and mulch/sand on the playground equipment.
- Contacted by resident (via HOA) regarding pine trees in Overlook Park. Went on-site to look at the trees. Requested quote from All-Pro to remove (2) pine trees,
- Spoke with homeowner regarding Mission Lake maintenance responsibilities. Explained the lake is owned by the St. Joe Company. Spoke with Maple Ridge developer and called homeowner back. Explained the CDD is not involved with the maintenance.
- Repaired three areas along the Central Park Trail.

• Was informed that a vehicle struck a streetlight on the Four Oaks/Blair Stone roundabout. Went onsite to picture the damage. Sent the City of Tallahassee an issue via DigiTally. Streetlight 106169.

- Sent email to Girls on The Run Executive Director and requested a sweep of 5K signs left along the Central Park Lake Trail.
- Reviewed All-Pro bid proposal spreadsheet in comparison to bid template spreadsheet.

- Received May 2025 ARC Meeting Agenda from the HOA. Reviewed the agenda and requested additional information about a fence gate addition.
- Inspected stormwater pond TR-216.
- Met with All-Pro on-site in Maple Ridge to discuss options for preventing vehicles from accessing
  Mission Lake from around the swale and stormwater pond WD-282. Lots of trash around the pond.
  All-Pro is removing the trash.
- Phone call with City of Tallahassee Growth Management regarding TC-1 preliminary plat and alleyway ownership.
- Prepared for (put out/picked up signs, set up meeting room) and attended Board meeting.
- Worked with Supervisor Rojas to schedule meeting with homeowners regarding fence encroachment.

#### Week 2 (May 12 – May 16)

- Attended City of Tallahassee Development Review Committee meeting (TSD250003 The Collection at Central Park, TDA250002 (DRI) and TRZ250005 (PUD)). Brief discussion with City of Tallahassee staff and Town Center developer.
- Approved proposals from All-Pro to remove (1) tree along the Unit 10 trail and (2) trees in Overlook Park
- All-Pro alerted me to tree trimming being done on Terrebone. Went on-site and spoke to City of Tallahassee Electric & Gas Utility staff. The City is working to fix all broken streetlights throughout SouthWood, and they need to trim tree limbs back to get the bucket lift up to the light.
- Inspected creek in Unit 23 to see if there was any impact from the rain this past weekend (Weather Underground reports 0.17" on Sunday). No water in the creek.
- Contacted by resident in Unit 23 concerned with tree limbs over their property. Went on-site and found no dead wood. The tree appears to be healthy. Explained the homeowner can trim limbs back that are on their property. Requested All-Pro remove dead wood at a nearby pine tree (no concern to homeowner property damage but the limb is over electric pedestal).
  - o Homeowner will arrange to have the branches trimmed over his property.
- Inspected cold patch done last week on the Central Park Trail. Patch has hardened. Removed traffic
  cone.
- Requested All-Pro inspect tree recently planted in Central Park.
  - O All-Pro went on-site and confirmed (1) Tupelo and (1) Live Oak will be put on the warranty list for this Fall.
- Lake Doctors completed treatment in Lake Verdura and stormwater pond FL-130.
- Responded to HOA inquiry regarding alleyway use for the 4<sup>th</sup> of July Golf Cart Parade.
- Met with Supervisor Rojas and both homeowners on-site to discuss fence encroachment.
- Contacted City of Tallahassee Code Enforcement and requested an extension on the pending utility easement encroachment case.
- Followed up with SE Concrete regarding previously discussed projects.
  - o Possibly start next week. Will know more by Friday.
- Contacted vendor for an annual low frequency playground inspection quote.
- Started review of TC-1 site plan including proposed alleyways and common areas.
- Lake Doctors sent notification that the monthly cost for maintenance in stormwater pond FL-130 will increase by \$10 (increase from \$332/month to \$342/month). Requested the District Accountant update the Approved Proposed Budget to reflect the price increase.

- Spoke to St. Joe representative regarding Blair Stone entry sign license agreement and LDR-5 common areas.
  - Received follow-up emails confirming no objection to the entry sign or site furniture in LDR 5.
- Follow up call with City of Tallahassee Code Enforcement regarding utility easement encroachment case.
- Met with All-Pro on-site to review common area in LDR-5, Phase 2. Requested additional mowing. Called homeowner that originally inquired about mowing. Left a voicemail.
- Requested All-Pro get a quote to remove (3) pines along the LDR-5 trail.
- Contacted City of Tallahassee Growth Management again to confirm stormwater pond inspection requirement and stormwater permit fee waiver. Left voicemail.
  - o Follow up call...Growth Management will follow up after they speak with stormwater staff at the City. They want input from them on inspection checklist.
- Inspected stormwater ponds FL-170 and FL-070. Removed trash from around pond banks. Sent All-Pro a note to remind staff to mow so that grass clippings are not blown into the pond.
- During general inspections:
  - o Noted LDR-5 common area turf looks good and mostly free of weeds.
  - O Drove around the archeological site on Dickinson to review condition of the surrounding fence. No issues.
  - o Found streetlight on during the day (Mossy Creek). Submitted issue to the City of Tallahassee via DigiTally.
  - o Found damaged electric box on Dunbar. Submitted issue to the City of Tallahassee via DigiTally.
  - Submitted issue to the City of Tallahassee via DigiTally to move Speed Limit sign on Grove Park near Hemingway.
- Met with Robert to discuss TC-1 alleyway site plan.
- Met with All-Pro on-site to discuss bench replacement along Central Park Trail and relocation of two benches in Maple Ridge.
  - O During drive through in Maple Ridge, found (2) down street signs. Submitted issues to the City of Tallahassee via DigiTally.
- Responded to TC-1 Engineer with sketch and lighting preference for proposed alleyways.
- Forwarded signed work authorization to Atkins.
- Contacted resident that inquired about a memorial bench back in January 2025...explained the proposed Memorial Program.
- High-frequency inspection of the Tot Lot. Flipped wear mats, flipped swing belts to the proper alignment, removed trash, cleared mulch from the steps. No other issues of note.

#### Week 3 (May 19 – May 23)

- Responded to resident inquiry (sent via HOA) regarding pond maintenance.
- Phone call from realtor with questions about CDD assessments and property use in LDR-5.
- Met with All-Pro on-site to review tree removal in LDR-5 common area.
- Received inquiry from resident (via HOA) with concern about leak along a sidewalk. Reviewed on-site with All-Pro. Requested the HOA email the homeowner with the leak on their property likely irrigation issue.

- Responded to inquiry regarding the stormwater pond within the MAA apartment complex. Explained this apartment complex is not part of the CDD.
- Met with SE Concrete on-site to review basin repairs in stormwater ponds WD-141 and WD-253.

- Requested minor update to the Public Facilities Report, Exhibit C (Stormwater Facilities Master Plan) to revise the stormwater layout in Unit 27 (MUOC-3) to reflect both TR221A and TR221B.
- Received several reports of broken irrigation off Spider Lily. Requested All-Pro investigate.
  - o All-Pro repaired stuck valve.
- Phone conversation with Town Center developer regarding stormwater modifications as outlined in the updated Stormwater Facilities Master Plan.
  - o Left a voicemail with District Counsel.
  - o Phone conversation with Robert Berlin regarding same.
- Phone conversation with Supervisor Rojas regarding the updated Stormwater Facilities Master Plan.
- Responded to Supervisor Urban regarding the updated Stormwater Facilities Master Plan.
- Additional conversations with District Counsel, Robert Berlin, and Town Center developer on proposed modification to stormwater pond FL-040.
- Following conversation with District Counsel, sent follow up email to St. Joe regarding the Blair Stone entry sign.
- High-frequency playground inspection. Repositioned wear mats under the swings. Flipped swing belts to their proper alignment. Removed trash from around the playground area. No other issues to note.
- Communication with 68 Ventures and DR Horton representatives regarding Lake Mary Forest maintenance and turnover process. DR Horton will be planting trees closer to the end of the year. At that time, the District will walk-though the property as part of the turnover process.
- Authorized All-Pro to treat cattails around the edges of stormwater pond FL-080.

• During general inspections, found down alleyway streetlight in Unit 25. Reported issue to the City of

Tallahassee via DigiTally.

- Phone call with All-Pro to discuss monthly billing process.
- Met with prospective Board member to discuss CDD operations.
- Phone call with resident regarding CDD common area use and potential for memorial donation. Explained potential new Memorial Program.

#### Week 4 (May 26 – May 29)

- Office closed Monday, May 26 for Memorial Day.
- Vacation on Tuesday, May 27.
- Accepted proposal from All-Pro for tree pruning off Summertree.
- Accepted proposal from All-Pro to remove (8) trees along the LDR-5 trail.
- Accepted proposal from SE Concrete for basin repair in stormwater pond WD-162.
- Received response from St. Joe regarding the Blair Stone entry sign. Forwarded email to District Counsel for review.
  - o Emailed Apogee and requested an updated proposal for the Board to consider.
- High-frequency playground inspection. Flipped swing belts to their proper alignment. Removed trash from around the playground area. Found irrigation issue near the Tot Lot/trail. This issue has happened multiple times recently, so requested All-Pro put posts around the irrigation head (assuming golf carts are the cause of the damage).
- Inspected stormwater pond FL-040.
- Walked the trail along Mossy Creek. No issues to note on the bridge behind Hole 3 of the Golf Course
- Walked the Unit 26 trail. Found three rotted boards and a section of the wooden railing that is loose.
   Also found small piece of broken concrete along the trail. Met with All-Pro on-site and requested repair.

- Removed sign and trash from the corner of Biltmore/Southwood Plantation.
- Discussion with Kevin Eason (HOA) regarding Blair Stone entry sign, update on outdoor gym equipment proposal that went before the Enhancement Committee, and the vigil being held on Thursday.
- Submitted Right-of-Way permit request for the Blair Stone entry sign.
  - o Plans were approved Project ROW2025-108.
- Received call from resident (via HOA) regarding irrigation system running in a common area beside their property. Went on-site and spoke to the homeowners. Called All-Pro, and they will investigate first thing in the morning.
- Met All-Pro onsite to review several dead trees around stormwater pond FL-080. Requested removal of (12) dead trees. We will present a replacement plan closer to Fall.
  - o Requested All-Pro replace (3) missing sand filter caps and screw them into the pipe.
  - O Update from All-Pro on cattail treatment in FL-080 expected to be done next Monday.
  - O Update from All-Pro on recent concrete trail repair requests Unit 10 repaired, Unit 26 will be completed next Monday morning.
- Went to SignsNow to pick up a replacement alligator notice sign near the Central Park connector bridge (by Creative Child). Previous sign was damaged and removed. Worked with Robert to install the replacement sign:

- Traffic incident on Biltmore near Southwood Plantation. Driver drove through the right-of-way and knocked over a stop sign and dogi-pot station. Submitted accident records request to the City of Tallahassee Police Department.
- Received resident concern about large trucks on Avon Park Circle. Responded to the resident and contacted the City of Tallahassee for their input.
- Contacted another concrete vendor for a quote for LDR-5 trail repair.
- Additional communication with Town Center Land Development team regarding common area maintenance responsibilities.

#### 1. PURPOSE AND SCOPE

This report has been prepared at the request of the Capital Region Community Development District to comply with the requirements of 189.08, Florida Statutes, regarding the Special District Public Facilities Report. This report provides general descriptions of the public facilities owned or operated by the CRCDD.

#### 2. GENERAL INFORMATION

The Capital Region Community Development District, a local unit of special-purpose government, was established by Rule 42CC-1, Florida Administrative Code, adopted by the Florida Land and Water Adjudicatory Commission and effective on February 28, 2000 ("Capital Region" or "CRCDD"). Capital Region encompasses approximately 3,287 acres of land located entirely within the jurisdictional boundaries of the City of Tallahassee and Leon County, Florida, and was established to, among other things, finance and manage the acquisition, construction, maintenance and operation of public infrastructure necessary for development to occur within SouthWood. SouthWood is a master-planned community generally located in southeastern Leon County on State Road 319 between Apalachee Parkway and Tram Road. A map identifying the general location of SouthWood and the Capital Region Community Development District is attached hereto as Exhibit A. Approved development within SouthWood generally consists of single- and multi-family residential units, commercial and office space, educational, industrial and hotel uses, an eighteen (18) hole golf course and various open space/recreational uses. The master development plan and the current and expected land uses are further described in Exhibit B. The SouthWood Development of Regional Impact Development Order further defines the expected development within SouthWood and expected demands on public facilities.

#### 3. EXISTING PUBLIC FACILITIES

Recreation, Open Space, and Conservation Areas

The CDD owns or operates existing landscaping conservation, open spaces and recreational areas as generally depicted on Exhibit B; with the exceptions of the Community Center, the Golf Course, and the Community Park property at Four Oaks Blvd and Tram Road. The open spaces and conservation areas provide for an expansive greenway system that covers approximately 1,022 acres, or 31% of SouthWood. Conservation and preservation areas include wetlands, water bodies, and floodplains. The recreation areas include many small passive parks and several neighborhood parks with active and passive uses not necessarily depicted on Exhibit B. The open space areas include a minimum 25foot upland buffer around conservation and preservation features. Some areas provide additional buffers from the edge of water bodies. The focal point of the greenway system is the 125-acre Central Park directly adjacent to the Town Center on the eastern side. The system of parks and open spaces includes numerous multi-use trails which have been built and maintained by the district, which run the length of the project and are interspersed with the residential and office/retail areas to allow convenient pedestrian access to work and other amenities. These trails along with sidewalks, and bike lanes allow for pedestrian access to all community facilities, reducing reliance on personal automobiles, and providing the opportunity for increased human interaction, while reducing traffic on local roads. The CRCDD also owns and maintains landscaping improvements along the major roadways within SouthWood.

#### Water and Wastewater Facilities

Lands within SouthWood are supplied potable water, fire protection, and wastewater collection by the City of Tallahassee Underground Utilities Department. There is a network of water mains that disseminate the water to the end users and a network of underground sewer pipes and manholes, which collect the individual household and commercial wastewater flows. They then flow through the system by gravity to various lift stations, the wastewater is pumped to the City of Tallahassee's Wastewater treatment plant at Capital Circle Southwest and Springhill Road for final treatment. Reuse water is also provided to some customers in the district for irrigation from the City of Tallahassee's Tram Road Reuse Facility at the southern edge of the district. All utility mains constructed within the rights-of-way ("ROW") have been dedicated to the City of Tallahassee. Where construction within the ROW was not practical or possible, utilities have been located within utility easements.

#### Stormwater Management Facilities

The development within the CRCDD is designed with a master stormwater plan that consists of detention ponds to capture and treat stormwater runoff from developed areas and control structures that regulate the volume of water detained and detention periods. In general, the stormwater runoff will flow from the developed parcels to the roads and conveyance swales and into the ponds via inlet structures and pipes. Generally, the CRCDD owns and operates the ponds associated with the master system, while the City of Tallahassee owns and maintains conveyance pipes within the roadway rights-of-ways. The stormwater master plan is shown on Exhibit C. Existing stormwater management facilities owned or operated by the CRCDD are principally located adjacent to and to the south of Orange Avenue with the exception of currently undeveloped areas located in the southwestern portion of SouthWood.

#### 4. CURRENTLY PROPOSED FACILITIES IN THE NEXT 7 YEARS

The CRCDD currently has no plans to build or expand any public facilities. However, as the private landowners within SouthWood continue development activities on remaining undeveloped property (principally located adjacent to and north or Orange Avenue, and within the southwestern portion of SouthWood), additional public facilities may ultimately be conveyed to the CRCDD for ownership or operation. The CRCDD cannot predict the timing of the private developers' construction and the CRCDD's potential acceptance of any future public facilities.
